BREHON FAMILY SERVICES

About Brehon Family Services:

Since its inception in 1978, the organization has changed the lives of thousands of families in the Big Bend area. Brehon Family Services has welcomed more than 500 homeless, pregnant women and children to Brehon House. Here they can complete their education, receive job training, and learn to care for themselves and their children. All of Brehon's services are voluntary and are provided at no cost to the families. To learn more, visit www.brehonfamilyservices.org.
